

End user license agreement

HALUNKE VERSION 0.1

This is an End User License Agreement (EULA) between You (Licensee) and Elena Schneider (Foundry). It is applicable to the Font Software that is accompanied by this agreement. By downloading and/or installing the Font Software You automatically agree to the terms of this license. If You do not agree to the terms of this Agreement, do not download, install or use the Font Software.

Grant of License

The purchase of one (1) license from Elena Schneider grants up to three (3) concurrent users, of a single organisation in a single geographic location, the right to use a copy of the Font Software. If more users are required, You are required to purchase more licenses covering all users (Multi-users license). Use the table below as a reference. The geographic restriction does not apply to portable computers if they are owned by You.

Embedding

You may embed the Font Software in documents, applications or devices as a rasterized representation of the Font Software (e. g. a GIF or JPEG) or as a subset of the Font Software as long as the document is distributed in a secure format that permits only the viewing and printing but not the editing of the text. This includes that You may take a document with embedded Font Software to a commercial printer. You need an additional license from Elena Schneider or other distributors for the use of the Font Software in documents, applications or devices permitting editing of the text, if the documents, applications or devices shall be distributed to third parties or if the Font Software is embedded neither as a subset nor as a rasterized representation.

Back-up

Back-up copies may be made for archival purposes only. Any copy of the Font Software must contain the same copyright, trademark, and other proprietary information as the original. Unauthorized copying, sharing, lending, renting, selling or any other unauthorized use is not permitted.

Modifications

You may not modify, reverse engineer, adapt, translate, decompile, disassemble, alter, or change the Font Software or attempt to discover the source code of the Font Software. If You want to make modifications to the Font Software, You must obtain the prior written consent of Elena Schneider.

Copyright

This Font Software, and all copies thereof, is copyrighted and contains intellectual property information protected by the laws of the United States, by the copyright and design laws of other nations, and by international treaties. Any copyright, trademark and other rights belong exclusively to Elena Schneider. This agreement does not give You the copyright to the design of the Font Software, but the rights to use the fonts. The structure, organisation and the code of the Font Software are trade secrets of Elena Schneider.
